
INDEPENDENT AUDITOR'S REPORT

To the Members of

Prestige Hospitality Ventures Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Prestige Hospitality Ventures Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2025, its profit including total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing ("SA's") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors and Those Charged with Governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are

based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationship and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company, in electronic mode on servers physically located in India so far as it appears from our examination of those books, except for the matters stated in paragraph 1(vi) below on reporting under Rule 11(g).
 - c) The Balance Sheet, the Statement of Profit and Loss including Statement of Other Comprehensive Income, the Statement of Changes in Equity and the Statement of Cash flows dealt with by this Report are in agreement with the books of account.

- d) In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) The modification relating to the maintenance of accounts and other matters concerned therewith are as stated in paragraph (b) above on reporting under section 143(3)(b) and paragraph 1(vi) below on reporting under Rule 11(g).
- g) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements and the operating effectiveness of such controls, refer to our separate Report in “Annexure – A” to this report.
- h) In our opinion, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act.
- i) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigation which would impact its financial position;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv.
 - (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or

in any other person(s) or entity(ies), including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief that other than disclosed in note 53(vi) to the standalone financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other person(s) or entity(ies) identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared any dividend and hence, compliance of section 123 of the Act does not arise.

vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except for – a) audit trail feature is not enabled for direct changes to data when using certain access rights, and b) in respect of individual hotel unit of the Company wherein its accounting software did not have the audit trail feature enabled throughout the year, as described in Note – 52 to the standalone financial statements. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with, in respect of accounting software where the audit trail has been enabled. Additionally, the audit trail of prior year has been preserved by the

Company as per the statutory requirements for record retention to the extent it was enabled and recorded in the respective year.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure – B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

“ANNEXURE A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(g) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date on the Standalone Financial Statements of Prestige Hospitality Ventures Limited)

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to Standalone Financial Statements of **Prestige Hospitality Ventures Limited** (“the Company”) as of March 31, 2025 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls with reference to Standalone Financial Statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“the ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial controls with reference to

Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal financial controls over the financial reporting issued by the ICAI.

“ANNEXURE B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date on the Standalone Financial Statements of Prestige Hospitality Ventures Limited)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- i. In respect of Company’s Property, Plant and Equipment and Intangible assets:
 - a) (A) The Company has maintained records showing particulars, including quantitative details and situation of property, plant and equipment.

(B) The company has maintained proper records showing particulars of intangible assets.
 - b) All property, plant and equipment have not been physically verified by the management during the year but there is a regular program of verification which, in our opinion is reasonable having regard to size of the Company. No material discrepancies were noticed on such verification.
 - c) The title deeds (registered sale deed/ transfer deed/ registered joint development agreements) of immovable properties other than as disclosed in Note 7 to the Standalone Financial Statements included in property, plant and equipment and capital work-in progress are held in the name of the Company. Immovable properties of land and buildings whose title deeds have been pledged as security for term loans and guarantees, are held in the name of the Company based on the confirmation received by the lender.
 - d) The Company has not revalued its property, plant and equipment or intangible assets during the year ended March 31, 2025.
 - e) As disclosed in Note 53(i) to the Standalone Financial Statements, there are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Transactions Act, 1988 (as amended in 2016) and rules made thereunder.

ii. In respect of inventories:

- (a) According to the information and explanation given to us, the physical verification of the inventory has been conducted at reasonable intervals by the management and no material discrepancies have been noticed on such verification.
- (b) The Company has not been sanctioned working capital limits in excess of Rs. five crores, in aggregate or at any point of time from banks or financial institutions on the basis of security of current assets and hence, reporting under clause 3(ii)(b) of the Order is not applicable.

iii.

- a) The aggregate amount of loan given during the year and balance outstanding at the end of the balance sheet date with respect to the parties are given below:

(Rs. In millions)

Aggregate amount granted/ provided/assigned during the year.	Guarantees	Security	Inter corporate deposit	Advances in the nature of loans
- Subsidiaries	-	-	5,190.50	-
- Joint ventures	-	-	8,460.32	-
- Associates	-	-	-	-
- Others	-	-	-	-
Balance outstanding as at balance sheet date in respect of above cases				
- Subsidiaries	-	-	5,086.50	-
- Joint ventures	-	-	10,445.28	-
- Associates	-	-	-	-
- Others	-	-	-	-

- b) The terms and conditions of loan provided are not, prima facie, prejudicial to the Company's interest.
- c) The Company has granted loans and / or advances in the nature of loans during the year to Companies and firms. The loans and / or advances in the nature of loans including interest are re payable on demand and the repayment of principal amount and interest is as demanded.
- d) There are no amounts of loans and/or advances in the nature of loan granted to Companies, firms, limited liability partnerships or any other parties which are overdue for more than ninety days.
- e) There are no amounts of loan and / or advance in the nature of loan granted to companies, firms, limited liability partnerships or any other parties which had fallen due during the year.
- f) With respect to loan repayable on demand the aggregate amount, percentage thereof to the total loan granted, aggregate amount of loan given to promoters or related parties are as below.

(Rs. In millions)

Particulars	All parties	Promoters	Related parties
Aggregate amount of loans/ advances in the nature of loans during the year.			
- Repayable on demand	15,531.78	-	15,531.78
- Without specifying any terms	-	-	-
Percentage of loans/ advances in nature of loans to the total loans.	100%	-	100%

- iv. Loans, investments, guarantees and security in respect of which provisions of section 185 and 186 of the Companies Act, 2013 are applicable have been complied with by the Company to the extent applicable.
- v. The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of section 73 to 76 of the

Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.

vi. We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules made by the central government for the maintenance of cost records under section 148(1) of the Companies Act, 2013 related to the construction and other related activities, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.

vii. In respect of statutory dues:

a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion amounts deducted /accrued in the books of account in respect of undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which are applicable, have generally been regularly deposited with the appropriate authorities.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees State Insurance, Income-Tax, Duty of Customs or Cess or other statutory dues which are applicable were in arrears as at 31 March 2025 for a period of more than six months from the date they became payable except for the following:

Name of the Statute	Nature of the dues	Period to which amounts relates to	Amount (Rs. in Millions)
Income-tax Act, 1961	Tax deducted at source	Financial year 2023 – 24 and earlier years	0.06

b) According to the information and explanations given to us, there are no dues of Income- tax, service tax, sales-tax, duty of customs, duty of excise, value added tax, goods and service tax, cess and other statutory dues outstanding which have not been deposited on account of any dispute.

- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income-tax Act, 1961 and hence, reporting under clause 3(viii) of the Order is not applicable.
- ix. In respect of the borrowings:
- According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender. Further, the inter-corporate deposit amounting to Rs. 49.23/- millions are repayable on demand and payment of principal and interest are made as demanded.
 - According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a wilful defaulter by any bank or financial institution or government or government authority.
 - The term loans were applied for the purpose for which they were obtained.
 - On an overall examination of the Standalone Financial Statements of the Company, during the year the Company has not raised any funds on short term basis except inter corporate deposit and hence, reporting under clause 3(ix)(d) of the Order is not applicable.
 - The Company has not raised any funds from any entity or person to meet the obligations of its subsidiaries, associates or joint ventures except as per the details below:

Nature of the fund taken	Name of the lender and relationship of the lender	Amount involved (in Millions)	Name of the Entity	Nature of the Relationship	Nature of transactions for which fund utilized	Remarks
Inter Corporate deposit taken	Prestige Estates Projects Limited (Ultimate Holding Company)	8,460.32	Bamboo Hotel and Global Centre (Delhi) Private Limited	Joint ventures	Fund taken to meet the obligation of Joint ventures	Refer Note – 53 to Standalone Financial Statements.

- f) During the year Company has not raised loan on the pledge of securities held in its subsidiaries, joint ventures or associates and hence, reporting under clause 3(ix)(f) of the Order is not applicable.
- x. In respect of funding:
- a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the financial year and hence, reporting under clause 3(x)(a) of the Order is not applicable.
- b) During the year, the Company has issued equity shares on a rights basis to existing shareholders. The issue has been made in compliance with the provisions of Section 62 of the Companies Act, 2013. The funds raised through the rights issue have been utilised for the purposes for the funds were raised.
- xi. In respect of Frauds and Compliances:
- a) To the best of our knowledge and according to information and explanations given to us, no material fraud by the Company or on the Company by its officers have been noticed or reported during the year.
- b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT – 4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year and upto the date of this report.
- c) As per the information and explanations provided to us, no whistle-blower complaints have been received by the Company during the year and upto the date of this report.
- xii. According to information and explanations given to us, the Company is not a Nidhi Company and hence, reporting under clause 3(xii) of the Order is not applicable.
- xiii. Transactions with the related parties are in compliance with section 188 Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards. The provisions of section 177 are not applicable to the Company and accordingly the requirements to report under clause 3(xii) of the Order in so far as it relates to section 177 of the Act is not applicable to the Company.

xiv. In respect of Internal audit:

- a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- b) The internal audit reports of the Company issued till date of the audit report, for the period under audit have been considered by us.

xv. According to information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its Directors and hence, reporting under clause 3(xv) of the Order is not applicable.

xvi. In respect of compliance u/s 45-IA:

- a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and hence, reporting under clause 3(xvi)(a) of the Order is not applicable.
- b) The company is not engaged in any Non-Banking Financial or Housing Finance Activities, and hence, reporting under clause 3(xvi)(b) of the Order is not applicable.
- c) The Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India. Accordingly, the requirement to report under clause 3(xvi)(c) of the Order is not applicable.
- d) There is no Core Investment Company as a part of a Group and hence, reporting under clause 3(xvi)(d) of the Order is not applicable.

xvii. The Company has not incurred any cash losses during the financial year covered by our audit and also in the immediately preceding financial year.

xviii. There has been no resignation of statutory auditors of the Company during the year and hence, reporting under clause 3(xviii) of the Order is not applicable.

xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Standalone Financial Statements, and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is capable of meeting its liabilities existing

at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. According to the information and explanations given to us and based on our examination of records, the Company does not meet the criteria specified under sub-section (1) of section 135 of the Companies Act and hence, reporting under clause 3(xx) (a) and (b) of the Order is not applicable.

3 Statement of Compliance and basis of preparation and presentation**3.1 Statement of Compliance**

These financial statements are separate financial statements prepared in accordance with Indian Accounting Standards ("Ind AS"), prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III).

The Standalone Financial Statements has been prepared after consolidating the business undertaking acquired vide common control transactions in accordance with the requirements of Appendix C to Ind AS 103, Business Combinations which requires the financial information in the Standalone Financial statements in respect of the prior periods presented to be restated as if the business combination had occurred from the beginning of the earliest period presented in the Standalone Financial statements. (Refer Note 50)

3.2 Basis of preparation

The Company has prepared the Standalone Financial statements on the basis that it will continue to operate as a going concern.

The Standalone financial statements have been prepared on the historical cost and accrual basis except for certain financial instruments that are measured at fair values at the end of each reporting period

PRESTIGE HOSPITALITY VENTURES LIMITED

All amounts in Rupees Millions, except as otherwise stated

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

All amounts disclosed in the Standalone financial statements and notes have been rounded off to the nearest Million Indian Rupees with two decimal places, unless otherwise stated (0 represents amounts less than Rupees 0.5 million due to rounding off).

4 Material accounting policies**4.1 Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these Standalone financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 116, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

4.2 Business Combination

Acquisitions of subsidiaries and businesses are accounted for using the acquisition method. Acquisition related costs are recognised in Standalone Statement of Profit and Loss as incurred. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition are recognised at their fair value at the acquisition date, except certain assets and liabilities required to be measured as per the applicable standard.

The excess of the

- a) consideration transferred, and
- b) acquisition-date fair value of any previous equity interest in the acquired entity over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognised in Other Comprehensive Income and accumulated in equity as capital reserve provided there is clear evidence of the underlying reasons for classifying the business combination as bargain purchase. In other cases, the bargain purchase gain is recognised directly in equity as capital reserve.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the Company's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognised in Standalone Statement of Profit and Loss.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognised in Standalone Statement of Profit and Loss or Other Comprehensive Income, as appropriate.

Acquisitions not resulting in business combinations

In cases where the acquisition of an asset or a group of assets does not constitute a business, the company identifies and recognises the individual identifiable assets acquired (including those assets that meet the definition of, and recognition criteria for, intangible assets in Ind AS 38, Intangible Assets) and liabilities assumed. The cost of acquisition shall be allocated to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase. Such a transaction or event does not give rise to goodwill.

Common Control Transactions

Business combination involving businesses under common control have been accounted for using pooling of interest method. The assets and liabilities of the business undertaking are reflected at their carrying amounts. No adjustments are made to reflect fair values, or to recognise any new assets or liabilities. Excess of consideration over net assets and investments acquired is shown as common control adjustment deficit account. (Refer Note 50)

PRESTIGE HOSPITALITY VENTURES LIMITED

All amounts in Rupees Millions, except as otherwise stated

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025**4.3 Revenue Recognition****a. Revenue from contracts with customers**

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other credits, if any, as specified in the contract with the customer. The Company presents revenue from contracts with customers net of indirect taxes in its Standalone Statement of Profit and Loss.

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing components, non-cash consideration, and consideration payable to the customer (if any).

i. Revenue from hospitality services

Revenue is recognised at the transaction price that is allocated to the performance obligation. Revenues from the room rentals during the guest's stay at the hotel is recognised based on occupation, revenue from sale of food and beverages and other allied services, as the services are rendered.

Membership fee is recognised on a straight line basis over the period of membership.

ii. Recognition of revenue from sale of real estate developments

Revenue from real estate development of residential or commercial unit is recognised at the point in time, when the control of the asset is transferred to the customer, which generally coincides with either of the two conditions as stated below -

- on transfer of legal title of the residential or commercial unit to the customer; or
- on transfer of physical possession of the residential or commercial unit to the customer

Sale of residential and commercial units consists of sale of undivided share of land and constructed area to the customer, which have been identified by the Company as a single performance obligation, as they are highly interrelated with each other.

The performance obligation in relation to real estate development is satisfied upon completion of project work and transfer of control of the asset to the customer.

For contracts involving sale of real estate unit, the Company receives the consideration in accordance with the terms of the contract in proportion of the percentage of completion of such real estate project and represents payments made by customers to secure performance obligation of the Company under the contract enforceable by customers. Such consideration is received and utilised for specific real estate projects in accordance with the requirements of the Real Estate (Regulation and Development) Act, 2016. Consequently, the Company has concluded that such contracts with customers do not involve any financing element since the same arises for reasons explained above, which is other than for provision of finance to/from the customer.

In respect of Joint development ('JD') arrangements wherein the land owner/ possessor provides land and in lieu of land owner providing land, the Company transfers certain percentage of constructed area/ revenue proceeds, the revenue from development and transfer of constructed area/ revenue proceeds, to land owner is recognised over time using percentage-of-completion method ('POC method') of accounting. Project costs include fair value of such land received and the same is accounted on launch of the project.

When the fair value of the land received cannot be measured reliably, the revenue and cost, is measured at the fair value of the estimated construction service rendered to the landowner, adjusted by the amount of any cash or cash equivalents transferred.

In case of JD arrangements, where performance obligation is satisfied over time, the Company recognises revenue only when it can reasonably measure its progress in satisfying the performance obligation. Until such time, the Company recognises revenue to the extent of cost incurred, provided the Company expects to recover the costs incurred towards satisfying the performance obligation.

iii. Recognition of revenue from other operating activities

Revenue from project management fees is recognised over period of time as per terms of the contract.

iv. Contract Balances

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. Contracts in which the goods or services transferred are lower than the amount billed to the customer, the difference is recognised as "Unearned revenue" and presented in the Standalone Balance Sheet under "Other current liabilities".

PRESTIGE HOSPITALITY VENTURES LIMITED

All amounts in Rupees Millions, except as otherwise stated

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025**v. Contract cost assets**

The Company pays sales commission for contracts that they obtain to sell certain units of property and capitalises the incremental costs of obtaining a contract. These costs are amortised on a systematic basis that is consistent with the transfer of the property to the customer. Capitalised costs to obtain such contracts are presented separately as a current asset in the Standalone Balance Sheet.

b. Interest income

Interest income, including income arising from other financial instruments, is recognised using the effective interest rate method. Interest on delayed payment by customers are accounted when reasonable certainty of collection is established.

4.4 Land**a. Advance paid towards land procurement**

Advances paid by the Company to the seller/ intermediary towards outright purchase of land is recognised as land advance under other current assets during the course of obtaining clear and marketable title, free from all encumbrances and transfer of legal title to the Company, whereupon it is transferred to land stock under inventories. Management is of the view that these advances are given under normal trade practices and are neither in the nature of loans nor advance in the nature of loans.

b. Land/ development rights received under joint development arrangements ('JDA')

Land/ development rights received under joint development arrangements ('JDA') is measured at the fair value of the estimated construction service rendered to the landowner and the same is accounted on launch of the project. The amount of non-refundable deposit paid by the Company under JDA is transferred as land cost to work in-progress/ capital work in progress. Further, the amount of refundable deposit paid by the Company under JDA is recognized as deposits.

4.5 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. A contract is or contains, a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

a. The Company as lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Contingent rents are recognised as revenue in the period in which they are earned.

b. The Company as lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises right-of-use assets and lease liabilities at the lease commencement date. The right-of-use assets (ROU) is initially measured at cost which includes the initial amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the lease term.

The lease liabilities is initially measured at the present value of lease payments to be made over the lease term, discounted using the Company's incremental borrowing rate. It is re-measured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is re-measured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in Standalone Statement of Profit or Loss.

The Company applies the short-term lease recognition exemption to

- a. Short-term leases of assets (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option); and
- b. Assets that are considered to be low value.

Lease payments on short term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

4.6 Borrowing Cost

Borrowing costs consist of interest and other costs that a Company incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset up to the date of capitalisation of such asset, is added to the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Standalone Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale and includes the real estate properties developed by the Company.

All amounts in Rupees Millions, except as otherwise stated

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025**4.7 Foreign Currency Transactions**

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction. Foreign currency monetary items are reported using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Exchange differences arising on the settlement of monetary items or on reporting monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognised as income or as expense in the year in which they arise.

4.8 Employee Benefits

Employee benefits include provident fund, employee state insurance scheme, gratuity and compensated absences.

a. Short-term obligations

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

b. Long-term employee benefit obligations

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefit are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in Standalone Statement of Profit and Loss.

The obligations are presented as current liabilities in the Standalone Balance Sheet, if the entity does not have an unconditional right to defer the settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

c. Post-employment obligations

The Company operates the following post-employment schemes:

i. Defined Contribution Plan:

The Company's contribution to provident fund is considered as defined contribution plan and is charged as an expense based on the amount of contribution required to be made. The Company has no further payment obligations once the contributions have been paid.

ii. Defined Benefit Plan:

The liability or assets recognised in the Standalone Balance Sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of the plan assets. The defined benefit obligation is calculated by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in the employee benefit expenses in the Standalone Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Standalone Statement of Changes in Equity and in the Standalone Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Standalone Statement of Profit and Loss as past service cost.

d. Other Defined Contribution Plan

The Company's contribution to employee state insurance scheme is charged as an expense based on the amount of contribution required to be made. The Company has no further payment obligations once the contributions have been paid.

PRESTIGE HOSPITALITY VENTURES LIMITED

All amounts in Rupees Millions, except as otherwise stated

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025**4.9 Income Taxes**

Income tax expense represents the sum of current tax and deferred tax.

a. Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current tax relating to items recognised outside Standalone Statement of Profit and Loss is recognised outside Standalone Statement of Profit and Loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

b. Deferred tax

Deferred tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Standalone financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill.

Deferred tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary differences can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current tax and deferred tax is recognised in Standalone Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

4.10 Property, plant and equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Cost of the asset includes expenditure that is directly attributable to the acquisition and installation, including interest on borrowing for the project / property, plant and equipment up to the date the asset is put to use. Any cost incurred relating to settlement of claims regarding titles to the properties is accounted for and capitalised as incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

PRESTIGE HOSPITALITY VENTURES LIMITED

All amounts in Rupees Millions, except as otherwise stated

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025*Depreciation method, estimated useful lives and residual values*

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on property, plant and equipment's is provided using written-down value method over the useful lives of assets estimated by the Management. The Management estimates the useful lives for the property, plant and equipment as follows:

Class of assets	Useful lives estimated by the management
Building*	58 Years
Plant and machinery	20 Years
Office Equipment	20 Years
Furniture and fixtures	15 Years
Vehicles	10 Years
Computers and Accessories	6 Years

*includes certain assets that has been assessed with useful lives of 15 years

For these classes of assets, based on internal assessment and independent technical evaluation carried out by external valuers, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, the management believes that the useful lives as given above best represent the period over which the management expects to use these assets. Hence the useful lives for these assets are different from the useful lives as prescribed under Part C of Schedule II to the Companies Act, 2013.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These are included in Standalone Statement of Profit and loss.

On transition to Ind AS, the company has elected to continue with the carrying value of all the Property, plant and equipment measured as per the previous GAAP and use that carrying value as the deemed cost of Property, plant and equipment.

4.11 Capital work-in-progress

Projects under which tangible assets are not yet ready for their intended use are carried at cost comprising direct cost, related incidental expenses and attributable borrowing cost.

Depreciation is not provided on capital work-in-progress until construction and installation are complete and the asset is ready for its intended use.

4.12 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets, comprising of software are amortized on the basis of written down value method over a period of 6 years, which is estimated to be the useful life of the asset. Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Standalone Statement of Profit and Loss when asset is derecognised.

4.13 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in Standalone Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in Standalone Statement of Profit and Loss.

PRESTIGE HOSPITALITY VENTURES LIMITED

All amounts in Rupees Millions, except as otherwise stated

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025

4.14 Inventories

Related to contractual and real estate activity

Direct expenditure relating to construction activity is inventorised. Other expenditure (including borrowing costs) during construction period is inventorised to the extent the expenditure is directly attributable cost of bringing the asset to its working condition for its intended use. Other expenditure (including borrowing costs) incurred during the construction period which is not directly attributable for bringing the asset to its working condition for its intended use is charged to the Standalone Statement of Profit and Loss. Direct and other expenditure is determined based on specific identification to the construction and real estate activity. Cost incurred/ items purchased specifically for projects are taken as consumed as and when incurred/ received.

Work-in-progress - Real estate projects (including land inventory): Represents cost incurred in respect of unsold area of the real estate development projects or cost incurred on projects where the revenue is yet to be recognised. Real estate work-in-progress is valued at lower of cost and net realisable value.

Finished goods - Flats & Plots: Valued at lower of cost and net realisable value.

Inventory also comprises of stock of food and beverages and operating supplies and is carried at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. However, inventory held for use in production of finished goods is not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

4.15 Provisions and contingencies

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the Standalone Financial statements.

4.16 Financial Instruments

a. Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss (FVPL), are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

b. Subsequent measurement

Non-derivative financial instruments

Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in cases where the Company has made an irrevocable election based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

Financial assets at fair value through profit or loss (FVPL)

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

PRESTIGE HOSPITALITY VENTURES LIMITED

All amounts in Rupees Millions, except as otherwise stated

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025**c. Derecognition of financial instruments**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Standalone Balance sheet when the obligation specified in the contract is discharged or cancelled or expired.

d. Impairment of financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in Standalone Statement of Profit and Loss.

4.17 Operating cycle and basis of classification of assets and liabilities

- a. The real estate development projects undertaken by the Company is generally run over a period ranging up to 5 years. Operating assets and liabilities relating to such projects are classified as current based on an operating cycle of up to 5 years. Borrowings in connection with such projects are classified as current since they form part of working capital of the respective projects.
- b. Assets and liabilities, other than those discussed in paragraph (a) above, are classified as current to the extent they are expected to be realised / are contractually repayable within 12 months from the Balance Sheet date and as non-current, in other cases.

Current versus non-current classification

The Company presents assets and liabilities in the Standalone Balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- ▶ Expected to be realised or intended to be sold or consumed in normal operating cycle
- ▶ Held primarily for the purpose of trading
- ▶ Expected to be realised within twelve months after the reporting period, or
- ▶ Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- ▶ It is expected to be settled in normal operating cycle
- ▶ It is held primarily for the purpose of trading
- ▶ It is due to be settled within twelve months after the reporting period, or
- ▶ There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

4.18 Cash and cash equivalents

Cash and cash equivalent in the Standalone Balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Standalone Statement of Cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Company's cash management.

4.19 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

4.20 Statement of Cash Flows

Standalone Statement of Cash Flows is prepared under Ind AS 7 'Statement of Cash Flows' specified under Section 133 of the Act. Cash flows are reported using the indirect method.

PRESTIGE HOSPITALITY VENTURES LIMITED

All amounts in Rupees Millions, except as otherwise stated

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025

4.21 Events after the reporting period

If the Company receives information after the reporting period, but prior to the date of approved for issue, about conditions that existed at the end of the reporting period, it will assess whether the information affects the amounts that it recognises in its Standalone financial statements. The Company will adjust the amounts recognised in its financial statements to reflect any adjusting events after the reporting period and update the disclosures that relate to those conditions in light of the new information. For non-adjusting events after the reporting period, the Company will not change the amounts recognised in its Standalone financial statements, but will disclose the nature of the non-adjusting event and an estimate of its financial effect, or a statement that such an estimate cannot be made, if applicable.

5 Changes in accounting policies and Use of Estimates

5.1 Changes in accounting policies

The accounting policies adopted and methods of computation followed are consistent with those of the previous financial year.

(i) Ind AS 117 Insurance Contracts

The Ministry of corporate Affairs (MCA) notified the Ind AS 117, *Insurance Contracts*, vide notification dated 12 August 2024, under the Companies (Indian Accounting Standards) Amendment Rules, 2024, which is effective from annual reporting periods beginning on or after 1 April 2024.

Ind AS 117 *Insurance Contracts* is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Ind AS 117 replaces Ind AS 104 *Insurance Contracts*. Ind AS 117 applies to all types of insurance contracts, regardless of the type of entities that issue them as well as to certain guarantees and financial instruments with discretionary participation features; a few scope exceptions will apply. Ind AS 117 is based on a general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

The application of Ind AS 117 had no impact on the Company's Financial statements as the Company has not entered any contracts in the nature of insurance contracts covered under Ind AS 117.

(ii) Amendment to Ind AS 116 Leases – Lease Liability in a Sale and Leaseback

The MCA notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024, which amend Ind AS 116, *Leases*, with respect to Lease Liability in a Sale and Leaseback.

The amendment specifies the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendment is effective for annual reporting periods beginning on or after 1 April 2024 and must be applied retrospectively to sale and leaseback transactions entered into after the date of initial application of Ind AS 116.

The amendment does not have a material impact on the Company's financial statements.

5.2 Use of Estimates

The preparation of the Standalone Financial Statements in conformity with Ind AS requires the Management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities (including contingent liabilities), income and expenses and accompanying disclosures. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise. The effect of change in an accounting estimate is recognised prospectively.

Significant accounting judgements, estimates and assumptions used by Management are as below:

- Useful lives of Property, Plant and Equipment and Intangible Assets (Refer notes 4.10,4.12),
- Determination of performance obligations and timing of revenue recognition (Refer note 4.3),
- Accounting for revenue and land cost for projects executed through joint development arrangement (Refer note 4.3),
- Computation of percentage completion for projects in progress, project cost, revenue and saleable area estimates (Refer note 4.3),
- Recognition of Deferred Tax Assets (Refer note 4.9),
- Impairment of financial/ non financial assets (Refer notes 4.13, 4.16),
- Net realisable value of inventory (Refer note 4.14) and
- Fair value measurements (Refer note 4.1).

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025

6 Standards notified but not yet effective

The new and amended standards and interpretations that are issued, but not yet effective, upto the date of issuance of Company's financial statements are disclosed below:

The Ministry of Corporate Affairs has notified Amendment to the following Ind AS which are effective from 1 April 2025.

Ind AS 21- The Effects of Changes in Foreign Exchange Rates

The amendment specifies how an entity should assess a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. The amendments also require disclosure of information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows. When applying the amendments, an entity cannot restate comparative information. The Company has evaluated the amendment and there is no material impact on its financial statements.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025**41 Employee benefits**

- (i) **Defined Contribution Plans** : The Company contributes to provident fund and employee state insurance scheme which are defined contribution plans.

During the year, the Company has recognized the following amounts in the Standalone Statement of Profit and Loss under defined contribution plan whereby the Company is required to contribute a specified percentage of the payroll costs to fund the benefits:

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Employers' contribution to provident fund	19.92	21.46
Employers' contribution to employee state insurance scheme	1.04	1.53
	20.96	22.99

Note: The contributions payable to the above plan by the Company is at rates specified in the rules of the schemes

- (ii) **Defined Benefit Plan** : The company provides gratuity for employees who are in continuous services for a period of 5 years. The amount of gratuity is payable on retirement / termination, computed based on employees last drawn basis salary per month. The company defined benefit plan is unfunded.

Risk exposure

The defined benefit plan typically expose the company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

Investment Risk	The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below the discount rate, it will create a plan deficit.
Interest Risk	A decrease in the bond's interest rate will increase the plan liability
Life expectancy	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
a. Components of defined benefit cost		
Current Service cost	4.96	5.19
Interest expenses / (income) net	1.34	1.26
Components of defined benefit cost recognised in Standalone Statement of Profit and Loss	6.30	6.45
Remeasurement on the net defined benefit liability:		
Actuarial (Gain) / loss for changes in financial assumptions	0.55	0.42
Actuarial (Gain) / loss due to experience adjustments	(2.64)	(0.14)
Components of defined benefit cost recognised in other comprehensive income	(2.10)	0.28
Total components of defined benefit cost for the year	4.20	6.73

The current service cost and the net interest expense for the year are included in the 'Employee benefits expense' line item in the Standalone Statement of Profit and Loss. The remeasurement of the net defined benefit liability is included in other comprehensive income.

41-50	3%	3%
Above 50	2%	2%

e. Sensitivity analysis

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and mortality. The sensitivity analyses below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Impact on defined benefit obligation:		
Discount rate		
Increase by 100 basis points	(1.80)	(1.73)
Decrease by 100 basis points	2.12	2.00
Salary escalation rate		
Increase by 100 basis points	1.83	1.85
Decrease by 100 basis points	(1.72)	(1.70)
Employee attrition rate		
Increase by 1000 basis points	(0.25)	(0.16)
Decrease by 1000 basis points	0.26	0.17

PRESTIGE HOSPITALITY VENTURES LIMITED

All amounts in Rupees Millions, except as otherwise stated

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

f. Maturity profile of defined benefit obligation

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Within 1 year	5.49	5.23
Between 1 to 5 years	12.81	12.20
More than 5 years	1.33	1.89

Level 2	-	-
Level 3	432.70	432.70

44 Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the acquisition and Company's Hospitality operations. The Company's principal financial assets include investments, inventory, trade and other receivables and cash and cash equivalents that derive directly from its operations.

The management is of the view that the terms and conditions of the investments made, guarantees provided, security given, loans and advances are not prejudicial to the interest of the Company considering its economic interest and furtherance of the business objectives.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

I Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of two types of risk: interest rate risk and other price risk, such as equity price risk and commodity risk. The Company has no exposure to commodity prices as it does not deal in derivative instruments whose underlying is a commodity. Financial instruments affected by market risk include loans and borrowings and refundable deposits.

The sensitivity analysis in the following sections relate to the position as at balance sheet date. The sensitivity analysis have been prepared on the basis that the amount of net debt and the ratio of fixed to floating interest rates of the debt are constant.

The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post retirement obligations; provisions.

The following assumptions have been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at year end date.

Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term and short-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company does not have any interest rate swaps.

PRESTIGE HOSPITALITY VENTURES LIMITED

All amounts in Rupees Millions, except as otherwise stated

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025**iii Interest rate sensitivity**

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Effect on profit before tax

Particulars	As at 31 March 2025	As at 31 March 2024
Decrease in interest rate by 50 basis points	32.48	32.64
Increase in interest rate by 50 basis points	(32.48)	(32.64)

ii Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including refundable joint development deposits, security deposits, loans to employees and other financial instruments.

Trade and other receivables

Trade receivables of the Company comprises of receivables towards: sale of properties; and from hospitality services.

Receivables towards sale of properties - The Company is not substantially exposed to credit risk as property is handed over on payment of dues. However, the Company makes provision for expected credit loss where any property developed by the Company is delayed due to litigation as further collection from customers is expected to be realised only on final outcome of such litigation.

Receivables towards hospitality services - The Company is not substantially exposed to credit risk as Company collects security deposits.

Other Receivables - Credit risk is managed as per Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. The impairment analysis is performed at each reporting date on an individual basis for major customers. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets.

Financial Instrument and cash and bank

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis, and may be updated throughout the year subject to approval of the Company's Finance Committee. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments. The Company's maximum exposure to credit risk for the components of the statement of financial position at balance sheet date is the carrying amounts.

vii Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank deposits and loans. The table below summarises the maturity profile of the Company's financial liabilities:

Particulars	On demand	< 1 years	1 to 5 years	> 5 years	Total
As at 31 March 2025					
Borrowings (including Interest)	49.23	986.26	6,409.78	1,549.84	8,995.11
Other financial liabilities	1.11	952.97	-	-	954.08
Trade payables	-	169.22	-	-	169.22

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025**45 Capital management**

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maintain strong credit rating and healthy capital ratios in order to support its business and maximise the shareholder value.

The Company, through its Board of Directors manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using debt equity ratio, which is net debt divided by total capital. The Company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents, current investments, other bank balances and margin money held with banks. The disclosure below could be different from the debt and equity components which have been agreed with any of the lenders.

Particulars	Note No.	As at 31 March 2025	As at 31 March 2024

Set out below is the disaggregation of the company's revenue from contracts with customers by timing of transfer of goods or services.

Particulars	Year ended 31 March 2025	Year ended 31 March 2024
Timing of transfer of goods or services		
Revenue from goods or services transferred to customers at a point in time	2,431.31	2,594.52
Revenue from goods or services transferred over time	189.44	1,721.84
	2,620.75	4,316.36

ii) Contract balances and performance obligations

Particulars	As at 31 March 2025	As at 31 March 2024
Trade receivables	179.39	77.09
Contract liabilities *	2.86	39.38

* Contract liabilities represent amounts collected from customers based on contractual milestones pursuant to agreements executed with such customers for sale of commercial units. The terms of agreements executed with customers require the customers to make payment of consideration as fixed in the agreement on achievement of contractual milestones though such milestones may not necessarily coincide with the point in time at which the entity transfers control of such units to the customer. The company is liable for any structural or other defects in the commercial units as per the terms of the agreements executed with customers and the applicable laws and regulations.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025

49 Financial Ratios

Ratios / measures	As at 31 March 2025	As at 31 March 2024
a. Current ratio = Current assets over current liabilities		
Current Assets (A)	18,570.11	8,183.26
Current Liabilities (B)	1,634.25	8,429.34
Current ratio (C) = (A) / (B)	11.36	0.97
% Change from previous year	1070.48%	
Reason for variance: The Company has deployed funds to joint venture through equity infusion short term borrowings and internal accruals		
b. Debt Equity ratio = Debt [includes current and non-current borrowings] over total shareholders' equity [includes shareholders funds and retained earnings]		
Total debts (A)	6,546.20	6,528.54
Total shareholder's equity (B)	22,309.31	5,966.57
Debt equity ratio (C) = (A) / (B)	0.29	1.09
% Change from previous year	(73.18%)	
Reason for variance: The Company's issue of right shares has increased the equity base		
c. Debt service coverage ratio = Earnings available for debt service / Debt Service		
Profit before tax (A)	332.04	1,926.67
Finance cost (B)	381.65	319.45
Finance cost capitalised (C)	32.94	-
Earnings available for debt services (D) = (A) + (B) + (C)	746.63	2,246.12
Finance cost charged + capitalised (E) = (B) + (C)	414.59	319.45
Principal repayments (F)	274.56	190.88
Debt service (G) = (E) + (F)	689.15	510.33
Debt service coverage ratio (H) = (D) / (G)	1.08	4.40
% Change from previous year	(75.38%)	
Reason for variance: There is a reduction in profits as the company had recognised revenue from sale of commercial and residential projects and project management fee in the previous year.		
d. Return on equity [%] = Net Profits after taxes/ Average Shareholder's Equity		
Net Profit after tax (A)	244.05	1,295.87
Total shareholder's equity	22,309.31	5,966.57
Average shareholder's equity (B) = [(opening + closing) / 2]	14,137.94	5,168.54
Return on equity [%] (C) = (A)/(B) *100	1.73%	25.07%
% Change from previous year	(93.12%)	
Reason for variance: There is a reduction in profits as the company had recognised revenue from sale of commercial and residential projects and project management fee in the previous year along with allotment of right issue which has resulted in increase Equity in the current year.		
e. Inventory turnover ratio = Cost of goods sold/Average inventory		
Revenue from operations (A)	2,620.75	4,316.36
Inventory	15.92	33.49
Average inventory (B) = [(opening + closing) / 2]	24.71	63.51
Inventory turnover ratio (C) = (A)/(B)	106.08	67.97
% Change from previous year	56.07%	
Reason for variance: The variance is due to recognition of sale of commercial and residential projects in the previous year.		
f. Trade receivables turnover ratio = Revenue from operations over average trade receivables		
Revenue from operations (A)	2,620.75	4,316.36
Trade Receivables	178.11	75.34
Average Trade Receivables (B) = [(opening + closing) / 2]	126.73	113.17
Trade receivables turnover ratio (C) = (A)/(B)	20.68	38.14
% Change from previous year	(45.78%)	
Reason for variance: Revenue from sale of commercial and residential projects in the previous year has been recognised and the debtors has been realised in respect of the same.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2025

49 Financial Ratios

Ratios / measures	As at 31 March 2025	As at 31 March 2024
g. Trade payables turnover ratio [days] = total expenses over average trade payables		
Total expenses* (A)	1,640.71	1,784.19
Trade Payables	169.22	166.83
Average Trade Payables (B) = [(opening + closing) / 2]	168.03	156.75
Trade payables turnover (C) = (A)/(B)	9.76	11.38
% Change from previous year	(14.22%)	
* Excludes finance cost, depreciation and amortization expenses.		
Reason for variance: Variance is less than 25%, hence not applicable.		
h. Net capital turnover ratio = Revenue from operations over average working capital		
Revenue from operations (A)	2,620.75	4,316.36
Working Capital (Current Assets - Current Liabilities)	16,935.86	(246.08)
Average working Capital (B)	8,344.89	(1,364.53)
Net capital turnover ratio (C) = (A)/(B)	0.31	(3.16)
% Change from previous year	(109.93%)	
Reason for variance: The Company has deployed funds to subsidiaries and joint venture through short term borrowings and internal accruals		
i. Net profit [%] = Net profit over revenue from operations		
Profit after tax (A)	244.05	1,295.87
Revenue from operations (B)	2,620.75	4,316.36
Net profit [%] (C) = (A) / (B) *100	9.31%	30.02%
% Change from previous year	(68.98%)	
Reason for variance: There is a reduction in profits as the company had recognised revenue from sale of commercial and residential projects and project management fee in the previous year.		
j. Return on capital employed [%]		
Profit before tax (A)	332.04	1,926.67
Depreciation and amortization expenses (B)	499.30	563.69
Finance cost (C)	381.65	319.45
Add: Depreciation and amortization expenses and finance cost (D) = (B) + (C)	1,212.99	2,809.81
Total shareholder's equity (E)	22,309.31	5,966.57
Total borrowings (F)	6,546.20	6,528.54
Current Liabilities (G)	1,634.25	8,429.34
Current Assets (H)	(18,570.11)	(8,183.26)
Capital Employed (I) = (E) + (F) + (G)+ (H)	11,919.65	12,741.19
Return on capital employed [%] (I) = (D) / (H) *100	10.18%	22.05%
% Change from previous year	(53.85%)	
Reason for variance: There is a reduction in profits as the company had recognised revenue from sale of commercial and residential projects and project management fee in the previous year alongwith allotment of right issue which has resulted in increase Equity in the current year.
